19/11/07

November 24th, 1913

Mr. C. G. Hoag,
Haverford, Pa.

My dear Sir:

On my return from Winnipeg I have your letter of November 19 asking me to recommend some young man who will take up the secretaryship of the American Proportional Representation League, which has recently been held by Mr. Tyson. I am afraid that I do not know any one who might be willing to undertake this work, as the matter has not been really discussed to any extent in Toronto, and the number of young men at the University who are acquainted with the aims of the League is probably rather limited. If the Rev. Mr. Prydges to whom you refer can find the time to undertake the work he would probably be an effective secretary.

I am,

Yours sincerely,

President.
